1. This contract is between the PROVIDER listed on Purchase of Service Parties Summary page; and the Jefferson County Human Services Department, whose business address is 1541 Annex Road, Jefferson, WI 53549, hereinafter referred to as the PURCHASER.
2. The contract administrator for the Provider is listed on the POS Parties Summary. The contract administrator for the Purchaser is Cathy Swenson, Advanced Accountant. In the event that either of the contract administrators is unable to administer this contract, contracting parties are to be notified accordingly.

B. CONTRACT PERIOD

1. This contract will be in effect no earlier than January 1, 2019, and no later than December 31, 2019. Specific effective dates of this contract are as listed on the Contract Attachment A.

C. SERVICES TO BE PROVIDED

1. This contract and any applicable attachments and/or amendments to the contract are subject to the terms and conditions set forth in State/County Contracts covering Income Maintenance, W-2 programs, Social and Mental Hygiene Services, Community Youth and Family Aids, and other programs. Purchaser agrees to purchase for and Provider agrees to provide to eligible clients services as listed on the Contract Attachment A.

D. PAYMENT FOR SERVICES PROVIDED

1. Amounts to be paid to the Provider by the Purchaser will be in accordance with rates, services, and recipients as listed on the Contract Attachment A.
2. The Provider is to submit billing statements to the Purchaser within three (3) days after the month of service. If received and approved in a timely manner, payment will be made to Provider by the twentieth (20th) of the month. Billings not received by January 31 after the close of the contract year will not be honored for payment.
3. The Provider shall return to Purchaser excess funds paid beyond actual allowable expenses/costs. The Provider will adhere to the Wisconsin Department of Health and Social Services' Accounting Principles and Allowable Costs Policies Manual.
4. The Purchaser will make payments to the Provider only for actual service provided, except for authorized absenteeism, unless otherwise mutually agreed upon between the Provider and the Purchaser.
5. Advance payments to the Provider are not allowed under this contract.
6. Medical Providers are to only bill the Purchaser services for which there is no third party payment source and no potential for recovery from first party payment sources. Purchaser is to be billed the lesser of "Usual and Customary" charges or actual charges.
7. Where applicable, when using the new Residential Provider Rating Tool a contract will be initiated based on the rate determined by the rate setting tool. The provider then has thirty (30) days from date of admission in placement to provide an Alternate Care Operating Budget based on actual costs they are incurring for that particular client, not the assigned rate, if a budget has not already been submitted. The Operating Budget upon submission will be reviewed and approved by Jefferson County Human Services once any outstanding questions are answered. If at the time of the budget submission, the actual costs of supporting the client/clients are less than the rates established with the client rate setting tool or cannot be substantiated, Jefferson County Human Services has the ability to revise the contracted rate back to the 30 day due date of the Budget. Failure to submit a timely budget could result in delay of payment until the budget is received. The client's level of need for services will be reviewed on a regular basis.

E. BILLING AND COLLECTION PROCEDURES

1. Providers other than general hospitals, who have been delegated responsibility for billing of services provided under this contract, will do so in accordance with Section 46.03(18) of the Wisconsin Statutes and Wisconsin Administrative Code HSS 1. Fees collected will be deducted from amounts paid under this contract, unless reimbursement amounts as shown represent the Purchaser share of the charges only.

F. ELIGIBILITY STANDARDS FOR RECIPIENTS OF SERVICE

Contract changes must follow contracting guidelines. Signatures by the authorized representatives will signify acceptance of the items added or changed, and will accordingly supersede previously signed Contract Attachment A.

L. RENEGOTIATION OF CONTRACT

1. This contract or any part thereof must be renegotiated if there are significant changes in services provided, federal or state laws or regulations or court action, or monies available affecting the substance of this contract.

 5. When a child transitions into the adult system of care, this Jefferson County Human Services Contract will terminate on the day the child becomes disenrolled from the children's waiver program and enrolled into the new adult program (Family Care, Partnership or IRIS).
 6. Contracts for crisis stabilization beds terminate automatically on the day the person returns home, leaves placement at the facility or becomes enrolled into Family Care, Partnership or IRIS.
 7. Upon termination, the Purchaser's liability shall be limited to the costs incurred by the Provider up to the date of termination. If the contract was terminated for reasons other than non-performance by the Provider, including services no longer being provided to authorized eligible recipients, payment may be made to the Provider for its actual allowable costs in an amount determined by mutual agreement of the Provider and the Purchaser. If the Purchaser terminates the contract for the Provider's breach, the Provider may be liable for any additional costs the Purchaser incurs for replacement goods and/or services.

N. RESOLUTION OF DISPUTES

1. Any disputes arising through the course of this contract may be appealed in accordance with the terms and conditions of this contract and/or Chapter 68 of the Wisconsin Statutes.

2. The Provider will allow inspection of records and programs, insofar as permitted by state and federal laws, by representatives of the Purchaser and/or applicable state and federal agencies, in order to confirm the Provider's compliance with the specifications of this contract and funding requirements. Having an independent audit does not limit the authority of the Purchaser to conduct or arrange for other audits or review of federal or state programs.
3. The use or disclosure by any party of any information concerning eligible recipients of service for purposes not connected with the administration of the Provider's or Purchaser's responsibilities under this contract is prohibited, except with the informed written consent of the eligible client or the client's legal guardian or court order.

3. The Provider will maintain a uniform double entry accounting system and a management information system compatible with cost accounting and control systems, in accordance with the Wisconsin DHSS Accounting Principles and Allowable Costs Policies Manual, unless this requirement is specifically waived. 4. Providers will transfer a client from a category of service to another only upon approval of the Purchaser.

9. The Provider will assure the establishment of safeguards to prevent employees, owners, consultants, or members of the Board from using their positions for purposes that are, or give the appearance of being, motivated by a desire for private gain for themselves or others, such as those with whom they have family, business, or other ties.
10. The Provider certifies through signing this contract that neither the Provider nor any of its principals are debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any federal department or agency. In addition, the Provider shall notify the Purchaser within five business days in writing and sent by

Jefferson County Human Services Department

registered mail if the Provider or its principals receive a designation from the federal government that they are debarred, suspended, proposed for debarment, or declared ineligible by a federal agency. The Purchaser may consider suspension or debarment to be cause for unilaterally modifying the contract to a cost reimbursement basis or terminating the contract under L-1 above.

R. PROVIDER AUDIT REQUIREMENTS

1. 2017 Wis. Act 59 amended Wis. Stats. §46.036(4)(c) (for DHS funding) and §49.34(4)(c) (for DCF funding) to increase the audit-report threshold from \$25,000 to \$100,000. The Provider must submit to the Purchaser an annual agency-wide audit if the total amount of annual funding provided by the Department of Health Services (DHS) (from any and all of DHS' divisions taken collectively) or the Department of Children and Families (DCF) (from any and all of DCF's divisions taken collectively) for all contracts is \$100,000 or more, unless the audit requirement is waived by the Purchaser or the appropriate state agency. In determining the amount of annual funding provided by DHS or DCF, the Provider shall consider both: (1) funds provided through direct contracts with DHS or DCF; and (2) funds from DHS or DCF, passed through another agency that has one or more contracts with the Provider.
2. The audit shall be in accordance with the generally accepted auditing standards, Wis. Stat § 46.036 (for DHS funding), Wis. Stat § 46.34 (for DCF funding), Government Auditing Standards as issued by the U.S. Government Accountability Office, and other provisions as specified in this contract. In addition, the Provider is responsible for ensuring that the audit complies with other standards and guidelines that may be applicable depending on the type of services provided and the amount of funding received. Please reference the following audit documents for complete information on the applicable audit requirements:
 - 2 Code of Federal Regulations (CFR), Part 200 – Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, Subpart F – Audits. This guidance also includes an Annual Compliance Supplement that details specific Federal agency rules for accepting Federal sub-awards.
 - The State Single Audit Guidelines (SSAG) expand on the requirements of 2 CFR Part 200 Subpart F by identifying additional conditions that require a State single audit. Section 1.3 of the SSAG lists the required conditions.
 - The Department of Health Services (DHS) Audit Guide is an appendix to the SSAG and contains additional DHS-specific audit guidance for those entities who meet the SSAG requirements. The audit shall also be in accordance with the following department standard:
 - The State Single Audit Guidelines if the Provider is local government that meets the criteria of 2 CFR Part 200 for needing an audit in accordance with the Register.
 - The Provider Agency Audit Guide for all other Providers.
3. Where an audit is not waived, the Provider is to submit to the Purchaser, within 180 days from the end of the Provider's fiscal year, the following: all audit schedules and reports, schedules of Jefferson County revenues and expenses by programs, a summary schedule of prior year findings and status of addressing the findings, Management Letter (or comparable), management responses and corrective action plan for each audit issue identified in the audit, and other applicable documents as requested by the Purchaser. Access to audit work papers and other audit materials will be provided to the Purchaser upon request. The Purchaser, upon request, will supply identification of funding sources making up contract payments to the Provider. Failure to comply with provider audit requirements will be considered to be a material breach of contract.
4. If the Provider fails to provide an audit that is due during the current contract service period for a prior year's service, the Purchaser may withhold an amount up to 5% of the amount due to the Provider each month for each audit that is late. If the audit is subsequently completed after the Purchaser withholds an amount, the Provider reserves the right to not refund any of these withholdings. If the provider's audit is due in a subsequent contract service period and the Provider fails to provide such an audit, the Purchaser may withhold an amount up to 5% of the amount due to the Provider for each month the audit is late, assuming the Provider and Purchaser have entered into a Purchase of Service Contract in that subsequent period. If the audit is subsequently completed after the Purchaser withholds an amount, the Provider reserves the right to not refund any of these withholdings.
5. Wis. Stats. §46.036(5m)(b)1. and §49.34(5m)(b)1., as amended by 2017 Wis. Act 59, contain the following provisions ("Retained-Surplus Provisions"): (a), if revenue under a contract for the provision of a rate-based service exceeds allowable costs incurred in the contract period, the contract shall allow the provider to retain from the surplus up to 5% of the revenue received under the contract (unless a uniform rate is established by DHS or DCF), in which case the contract shall allow the provider to retain the uniform percentage rate established by the rule); and (b) the retained surplus is the property of the provider.
6. Wis. Stats. §46.036(5m)(b)3. and §49.34(5m)(b)4., as amended by 2017 Wis. Act 59, contains the following provisions ("Surplus-Recovery Provisions"): (a) if on December 31 of any year the provider's accumulated surplus from all contract periods ending during that year for a rate-based service exceeds the allowable retention rate as described above, the provider shall provide written notice of that excess to all purchasers of the rate-based service; (b) upon the written request of the purchaser received no later than 6 months after the date of the notice; and (c) the provider shall refund the purchaser's proportional share of that excess.

S. CONDITIONS OF THE PARTIES' OBLIGATIONS

Subsequent use or disclosure of any PHI subject to this provision will be limited to those purposes that make the return or destruction not feasible. If the Purchaser does not agree that destruction is infeasible, the Provider must either return or destroy the PHI. If requested by Purchaser, Provider agrees to certify that all PHI has been returned or properly destroyed or had appropriate protections extended to it.
